*Dear Ma'am,*

- 1) I am in receipt of your letter dated 25 April, 2015 along with the three documents namely:
  - a) Process of selection of the office bearers of the NPSC
  - b) Document for the code of conduct for the students.
  - c) Monthly newsletter of the United Nations information Centre for the month of April.
- 2) First of all, I congratulate you and others concerned for taking out the first two documents. The document on 'Code of Conduct' brings out lots of aspect which are as contemporary as relevant. It will give us useful tips for revising /amending the existing documents prevailing in old schools like ours.
- 3) The document on 'Selection of the office bearers of the NPSC' surely was the need of the hour for eliminating any sort of arbitrariness, bring more transparency which makes NPSC more democratic and stronger. It will also earn the natural faith of the members in the system.

Congratulations once again.

*With warm regards,  
Yours sincerely*
